Spotlight on **Scholarship**

Agenda

WELCOME

Brian Boerner, MD

Director, Interprofessional Academy of Educators
Associate Professor, College of Medicine

KEYNOTE PRESENTATIONS

Impact of Lecture Videos on Academic Performance

Marnie Imhoff, MA, MBA, MLS(ASCP)^{CM}

College of Allied Health Professions

Linsey M. Donner, PhD, MPH, CPH, MLS(ASCP)^{CM}

College of Allied Health Professions

This study evaluated if watching pre-recorded lecture videos impacted exam scores and overall course grades in an online clinical immunology course.

Integrating Oral Health Care into Primary Care Well-Child Visits: An Interprofessional Model of Care

Lisa J. Moravec, RDH, MS

College of Dentistry

Kelly Betts, EdD, RN, APRN, PCPNP-BC, CNE

College of Nursing – West Nebraska

An interprofessional education experience among nursing and dental hygiene students used an integrative care model to provide oral health screenings and education during pediatric well-child visits, increasing awareness of the relationship between oral and systemic health.

Utilizing QR-Code Technology in Medical Education to Foster Health Equity: A Walking Tour About Combating Racism in Medicine

Mark Carter

College of Medicine (student)

Jennifer Liu, MD, MPH

College of Medicine

A QR-code walking tour was designed to educate the medical community about the historical and structural roots of racism at our institution and in medicine in general, then evaluated for effectiveness.
